$$\cdot \quad \int_a^b f(x) = \int_a^b g(x)$$

오른쪽은 ~~같은~~ 꼴이겠지!

$$\Rightarrow f(x) = g(x)$$

$$\cdot \quad \int_a^b x = \frac{1}{2}$$

정답은 ~~이것~~.

$$\cdot \quad \int_a^b \frac{1}{x}$$

이건 ~~이런~~ 꼴이겠지.
